Online Education

1. Does all programs/courses were completed on time.	Yes		
2. Measures taken to complete the syllabus of courses and programs.	<p>The Government of Assam regarding holding of online classes for the benefits of the students community on the present pandemic Situation during lock down due to covid19 issued a circular on April 2020. Class Routine has been prepared by the Academic Committee for Online classes of all the classes including Higher Secondary and Degree. webex, google meet, Whatsapp, Zoom Applications, Email, etc. have been used to interact with the students of different programmes and to provide important information about the course, assignments etc. Mobile application "myclasscampus" is used to help the learners to connect 24x7 with the college authority. The app has been installed by more than 1500 users. College has initiated an SMS and e-mail alert to the students' fraternity regarding any news, events and learner-related information of the college. Entire admission system is done through this application Learners can write emails to any officials/faculty members in college mail ID. Queries raised through to this mail id are readdressed by concerned official/faculty members of the college. They got to know more about various apps and programs. All the study material is safely stored in an online database.</p> <p>If students need further explanations, they can easily view these records and resolve doubts instantly. Students have a lot of options to choose an online education program. They can select subjects and topics of their interest very easily.</p> <p>During lockdown, all the examinations are conducted through online mode with regular monitoring by using webex online application.</p> <p>But there are some drawbacks of online education. There is no face-to-face conversation between teachers and students. This puts a barrier in communication skills and personality development.</p> <p>Internet connectivity is also a big issue in some areas. Internet prices are also increasing and everyone cannot afford online education. Online education provides freedom to students which are not good for them as it lacks discipline.</p> <p>In online education, everything is scripted. It lacks emotions like laughter, excitement, or anger. Thus, there are both advantages and disadvantages of online education but in this lockdown time, this is truly helpful in providing continuous and uninterrupted learning.</p> <p>Online education is conducted in two ways. The first is through the use of recorded classes, which, when opened out to the public, are referred to as Massive Open Online Course. The second one is via live online classes conducted as webinars or zoom sessions.</p>		
3. The period of delay in completion of syllabus (in months).	2		
4. The period of delay in conducting exams (in months).	6		
Portal Name	No. of students offered online courses which have credit transferred to transcript	Total no. of online courses which have credit transferred to the transcript	Total no. of credits transferred to transcript

Swayam	0	0	0
5. No. of courses developed and available online on Swayam platform by your institution faculty		0	

Financial Resources: Utilised Amount for the Capital expenditure for previous 3 years
